

## Product Data Sheet

<b>Product Name</b>	: BioCon ; 保康
<b>Common Name</b>	: Bacillus thuringiensis Wettable Powder ; 蘇雲金桿菌可濕性粉劑
<b>Chemical Name</b>	: Bacillus thuringiensis ; 蘇雲金桿菌
<b>Chemical Formula</b>	: Not Applicable ; 不適用
<b>CAS number</b>	: Not Applicable ; 不適用
<b>Appearance</b>	: Light Yellow Powder ; 微黃粉末

## Content Specification

	Specification	Typical Results
<b>Active Content (IU/mg) as B.T.i</b>	: 400 min.	400 to 600
<b>Moisture (m/m) %</b>	: 4 max.	2.1
<b>pH</b>	: 5 - 7	5.5
<b>Fineness (75<math>\mu</math>m) %</b>	: 75 min. pass through	99.2

## Packaging Specification

### Outer Packing

- Material** : Three layers composite materials
1. PET outer layer
  2. Aluminum layer
  3. PE layer inner
- Seal** : Heat seal
- Label** : Stick on paper label or printed label.  
Label content according to A Guide to Labelling of Pesticides from Agriculture, Fisheries and Conservation Department.

### Inner Packing

- Material** : Cold water soluble PVA (poly-vinyl alcohol) material  
Soluble in water from 1°C
- Seal** : Heat seal
- Label** : Printed Product Brand Name with water soluble ink

### Pack Size

- Inner pack** : 10g BioCon
- Outer pack** : 10 x 10 inner packs
